National Pollution day:

Sree Chaitanya Institute of Technological Sciences celebrated “National Pollution day” headed by NSS coordinator and team. The SCITS students actively participated in this event. The students delivered speech by their own words that is as per the national health portal of India, around 7 million people across the world die due to air pollution every year. The day is celebrated every year on 2nd December to bring awareness about the dangers caused due to polluted water, land and air. Also, we can define pollution as the addition of any substances whether solid, liquid, gas or any form of energy like heat, sound, etc. to the environment. Our principal Dr. A. Prasad Raju appreciated to students who are explained about pollution.

Save Water Campaign:

The Sree Chaitanya Institute of Technological Sciences organized “**Save Water campaign**”. NSS coordinator and team participated in this program. The campaign began at 10:00 in the morning. NSS team explained to Alugunoor village people to use of water scarcity has become a big problem today; if it is not taken care of in time, it will become a threat in the future. Understanding the scarcity and importance of water, many people have started conserving water. Moreover, many environmentalists have also said that rainwater is a gift from God. We should harvest it so that it can be utilized in other seasonal months.

They also tell that we can use water for many things, especially rainwater. Rainwater may be used for toilets, washing clothes, cleaning floors, watering plants and vehicles, etc. Similarly, one after the other, many environmentalists gave their valuable talks on water conservation. Also, they requested all the people not to waste much water try to save every single drop of water.
